Chapter 1 by Enrike_the_gr8

January 23, 2026

The everything feels like it has fallen into utter chaos. A rather large resistance force is trying to overthrow the Government. They call themselves the New Order. Not a very creative name but it works I guess. Their leader is insane. He killed twenty people on live television. Things are bad.

The battle against the new order continues. They continue to grow in numbers. We made an offensive strike on their food storage. We were unsuccessful. There were more of them than we anticipated. They have an impressive armory. They all seem to have military grade weapons. It's insane.
